7 Eligibility

- 7.1 Save as provided in these Regulations, to be eligible to be nominated for and to participate in the Paralympic Wheelchair Tennis Event a player must fulfil the following eligibility criteria:
- 7.1.1 the player must satisfy and comply with the provisions of the IPC Handbook in force from time to time, including but not limited to Section 1, Chapter 3 (Paralympic Games), Rule 2 (General rules and principles for participation in the Paralympic Games) or any replacement or successor provision;
 - 7.1.2 the player must be in good standing with their national sports association responsible for the sport of tennis (**National Association**) and the ITF in accordance with the ITF Wheelchair Tennis Regulations in force at the time of the Paris 2024 Paralympic Games (whether directly or as a result of an exemption being granted);
 - 7.1.3 the player must be eligible to represent the country of the National Association and National Paralympic Committee (**NPC**) that nominates the player by satisfying the Eligibility of a Player or Captain to Represent a Nation rule contained in the ITF Wheelchair Tennis Regulations in force at the time of the Paris 2024 Paralympic Games;
 - 7.1.4 as at 15 July 2024 the player must be internationally classified with a 'Confirmed' Sport Class Status or 'Fixed Review Date' Sport Class Status (with a review date of 1 January 2025 or later) in accordance with the ITF Wheelchair Tennis Regulations and ITF Wheelchair Tennis Classification Rules in force at the time of the Paris 2024 Paralympic Games; and
 - 7.1.5 the player must have fulfilled the minimum participation requirement by being part of their nation's final nominated team and present on-site for the wheelchair tennis World Team Cup event (including qualifying or Junior World Team Cup) for a minimum of two (2) years in the four-year Paralympic Cycle provided that one of those years is either 2023 or 2024. For the purpose of these Regulations, **Paralympic Cycle** means the period commencing on Sunday 6 September 2020 and ending on Sunday 14 July 2024.
- 7.2 Where the player has not met the good standing or minimum participation requirements set out at Regulation 7.1.2 and/or Regulation 7.1.5 above, the ITF Wheelchair Tennis Committee may exercise its discretion to rule that the player is considered eligible for nomination for and participation in the Paralympic Wheelchair Tennis

Event. Any such decision is limited only to a declaration that the player is eligible, and the NPC retains its discretion to nominate such player. The ITF Wheelchair Tennis Committee shall take into account all relevant circumstances, which shall include but not be limited to the following:

7.2.1 Exemption from Regulation 7.1.2:

- (a) **Procedural fairness:** the procedure followed was so unfair as to be contrary to natural justice.
- (b) **Error of law:** the decision is based on an error of law.
- (c) **Manifest unreasonableness:** the decision is irrational, arbitrary or capricious.
- (d) **Timing of suspension:** whether a suspension that will be in effect at the time of nomination will be lifted by the time of the Paralympic Wheelchair Tennis Event. An exemption may only be granted where it will not place the player in breach of terms applicable to the suspension (including for example restrictions on receipt of accreditation during a suspension). The ITF Wheelchair Tennis Committee shall consider any outstanding conditions of reinstatement. In any event, if the player is subsequently not reinstated for any reason, the eligibility for the Paralympic Wheelchair Tennis Event will be revoked.

An exemption under this Regulation 7.2.1 will not be considered if: (i) the player has not exhausted all remedies available to them through the organisation that is imposing a suspension on them (i.e. their National Association or the ITF); or (ii) the ITF has already rejected an application for exemption pursuant to the ITF Wheelchair Tennis Regulations unless there is new and material evidence available to support the application.

7.2.2 Exemption from Regulation 7.1.5:

- (a) **Injury/Illness:** The injury or illness must be evidenced through authorised medical records, clearly identifying the period of absence from all competitive wheelchair tennis.
- (b) **Newcomer to World Team Cup:** A player only reaches a ranking level sufficient for World Team Cup selection by his/her National Association during the latter part of the Paralympic Cycle.
- (c) **Strength of Nation:** A National Association has a large number of highly-ranked players resulting in competition

for selection, which limits a player's opportunities to participate in World Team Cup events during the Paralympic Cycle.

- (d) **Commitment to and Achievement at the Paralympic Wheelchair Tennis Event and/or World Team Cup:** A player's historical participation and/or achievement in one or both competitions.
- (e) **Non-participation of a Nation:** A National Association is unable to enter a team for the World Team Cup events.

7.3 As a condition of eligibility, players shall:

- 7.3.1 arrange with their NPC, through their National Association, to come under the formal responsibility and disciplinary control of their NPC and to comply with the rules, regulations, terms and conditions, and/or codes of conduct established by their NPC for its Paralympic delegation;
- 7.3.2 be part of the Paralympic delegation of their NPC, which shall be responsible for all aspects of participation, including uniform, travel, accreditation and accommodation;
- 7.3.3 respect the spirit of fair play and non-violence at all times; and
- 7.3.4 accept the conditions of entry of the events he or she enters, including the conditions of these Regulations and any applicable Code of Conduct adopted for those events

This Regulation 7.3 shall apply during the Period of the Paris 2024 Paralympic Games and any prior period established by the player's NPC for purposes of preparation for and travel to the Paris 2024 Paralympic Games, but which shall not be in excess of fourteen days.

7.4 In respect of participation at the Paralympic Wheelchair Tennis Event, a player:

- 7.4.1 may not accept, either directly or indirectly, any form of financial reward whatsoever in respect of their participation, except for any payment which may have been established in respect of their Paralympic delegation;
- 7.4.2 may not have on his or her clothing or equipment any commercial "identifications" at any time when the player is present at a Paralympic venue (including but not limited to the Paralympic Village, any Paralympic training venue or any Paralympic competition venue) only, and therefore any contractual requirements he or she may have with any person or organisation to have such commercial identification must be suspended for the Period of the Paris 2024 Paralympic

Games. (See also Appendix F – Code of Conduct for detailed rules regarding manufacturer identifications relevant to participation in the Paralympic Wheelchair Tennis Event.);

7.4.3 agrees:

- (a) to be bound by the applicable anti-doping rules in the IPC Anti-Doping Code (**IPC Code**);
- (b) to comply with any doping control (and/or other medical control) implemented by the IPC (or its designee(s));
- (c) to be subject to the jurisdiction of the IPC (or its designee(s)) to manage, administer and enforce those anti-doping rules; and
- (d) to any additional hearings and/or consequences of hearings and decisions of the IPC, including with regard to the imposition of sanctions over and above those relating to the Paris 2024 Paralympic Games, which shall be managed by the International Tennis Integrity Agency (**ITIA**) in accordance with the Tennis Anti-Doping Programme;

7.4.4 agrees:

- (a) to be bound by the IPC Code of Ethics (see APPENDIX D); and
- (b) to any additional hearings and/or consequences of hearings and decisions of the IPC, including with regard to the imposition of sanctions over and above those relating to the Paris 2024 Paralympic Games, which shall be managed by the ITIA in accordance with the Tennis Anti-Corruption Program.

8.1.2 the National Association is: (a) affiliated to that NPC; (b) is a current Class B or Class C member of the ITF; (c) has been a member since at least 31 December 2023; and (d) its membership is not suspended, unless otherwise determined by the ITF Board of Directors (pursuant to procedures published from time to time); and

APPENDIX F. Code Of Conduct

INTRODUCTION

The aspiration, vision and values of the Paralympic Movement:

The Paralympic Movement's ultimate vision is: "To make an inclusive world through Para sport."

The Paralympic Games are the world's number one sporting event for transforming society's attitudes towards impairment. By broadening the reach of the Paralympics, growing Para sport events and furthering brand awareness, the Paralympic Movement's transformational legacy will be amplified.

Although all within the Movement have different perspectives and backgrounds, they all share a common vision: "To enable Para athletes to achieve sporting excellence and inspire and excite the world."

In trying to achieve this vision, the Paralympic Movement has adopted and follows four athlete focussed values, which also act as an underlying reference for all those involved in Para sport.

Courage – Para athletes through their performances showcase to the world what can be achieved when testing your body to its absolute limits.

Determination – Para athletes have a unique strength of character that combines mental toughness, physical ability and outstanding agility to produce sporting performances that regularly redefine the boundaries of possibility.

Inspiration – As role models, Para athletes maximise their abilities, thus empowering and exciting others to participate in sport.

Equality – through sport, Para athletes challenge stereotypes and transform attitudes, helping to increase inclusion by breaking down social barriers of discrimination for persons with an impairment.

The ITF and the IPC promulgate this Code of Conduct (**Code**) in order to maintain fair and reasonable standards of conduct by players and Related Persons attending the Paris 2024 Paralympic Games, and to protect their respective rights, the rights of the public and the integrity of the sport of Tennis and the Paralympic Games.

The Referee shall be the final authority for the interpretation of this Code as to all matters arising that require immediate resolution on-site. The Referee shall be responsible for the regulation of player and team member conduct on-site, and shall have discretion in the application of this Code.

In all circumstances, the Referee and/or the General Secretary may refer any matter under this Code to the IPC to consider the removal from, or denial of accreditation of, any player, Related Person or other accredited person from the Paralympic Wheelchair Tennis Event and/or the Paris 2024 Paralympic Games.

II. PLAYER COMMITMENT

At any time after 5 August 2024, 23:59 Paris time (GMT+2), no player may withdraw their entry unless the conditions at Regulation C.14.3.1(a) are met.

For the avoidance of doubt, the Point Penalty Schedule applies in addition to any other sanction (such as fines) that might apply under this Code of Conduct.

S. DEFAULTS

The Referee may declare a default for either a single violation of this Code (**Immediate Default**), or pursuant to the Point Penalty Schedule set out above.

In all cases of default, the decision of the Referee shall be final and not subject to appeal.

Any player who is defaulted under this provision may be fined up to \$250 in addition to any or all other fines levied with respect to the offending incident and shall lose all ranking points accrued at the Paralympic Wheelchair Tennis Event.

In addition, any player who is defaulted under this provision may be defaulted from the remainder of their participation in the Paralympic Wheelchair Tennis Event if in the opinion of the Referee (in consultation with two assistant referees) such measure is required to protect the integrity and/or reputation of the Paralympic Wheelchair Tennis Event, the ITF and/or the sport of tennis. No such default from other events is permitted when the default:

- i) is issued following a violation of the Punctuality or Dress and Equipment provisions,

W. APPEALS

Any Team Member found to have committed an On-Site Offence may, after paying all fines as provided above, appeal the determination of a violation and/or the punishment imposed under section U above (but not any warnings, point or game penalties, or defaults) to the IAP, in accordance with Regulation 23.5.3. The notice of appeal must include a statement by the Team Member as to the facts and circumstances of the incident along with any other evidence the Team Member wishes to submit.

IV. MAJOR OFFENCES

A. AGGRAVATED BEHAVIOUR

From when the Paralympic Village opens, until the end of the Period of the Paralympic Wheelchair Tennis Event, no player or Related Person shall engage in **Aggravated Behaviour** which is defined as follows:

1. One or more incidents of behaviour designated in this Code as constituting Aggravated Behaviour.
2. One incident of behaviour that is flagrant and particularly injurious to the success of the Paralympic Wheelchair Tennis Event, or is singularly egregious.

3. A series of two (2) or more violations of this Code which singularly do not constitute Aggravated Behaviour, but when viewed together establish a pattern of conduct that is collectively egregious and is detrimental or injurious to the Paralympic Wheelchair Tennis Event.

In addition, any player or Related Person who, directly or indirectly, offers or provides or receives any money, benefit or consideration to or from any other Covered Person or third party in exchange for access and/or accreditation to the tournament site shall be deemed to have engaged in Aggravated Behaviour and be in violation of this Section.

Violation of this Section by a player, directly or indirectly through a Related Person or others, shall subject a player to a fine of up to \$1,000, and a maximum penalty of permanent suspension from play in Paralympic Wheelchair Tennis Events and/or any ITF tournament, event or circuit.

Violation of this Section may subject a Related Person to a maximum penalty of permanent denial of access to any ITF tournament, event or circuit.

B. CONDUCT CONTRARY TO THE INTEGRITY OF THE GAME

From when the Paralympic Village opens, until the end the Paralympic Wheelchair Tennis Event, no player or Related Person shall engage in conduct contrary to the integrity of the sport of wheelchair tennis.

If a player or Related Person is convicted of the violation of a criminal law of any country, the punishment for which includes possible imprisonment of more than one year, the player or Related Person may be deemed by virtue of such conviction to have engaged in conduct contrary to the integrity of the sport of tennis. In addition, if a player has at any time behaved in a manner severely damaging to the reputation of the sport, the player may be deemed by virtue of such behaviour to have engaged in conduct contrary to the integrity of the sport of tennis and be in violation of this Section.

The General Secretary may provisionally suspend such player or Related Person from further participation in the Paralympic Wheelchair Tennis Event pending a final determination under Article IV, Section C if the General Secretary determines that the suspension is necessary to protect the integrity and/or reputation of the Paralympic Wheelchair Tennis Event, the ITF, and/or the sport of wheelchair tennis.

Violation of this Section by a player, directly or indirectly through a Related Person or others, shall subject a player to a fine up to \$1,000 and/or to a maximum penalty of permanent suspension from play in Paralympic Wheelchair Tennis Events and/or any ITF tournament, event or circuit.

Violation of this Section may subject a Related Person to a maximum penalty of permanent denial of access to any ITF tournament, event or circuit.

C. DETERMINATION AND PENALTY

The General Secretary shall cause an investigation to be made of all facts concerning any alleged Major Offence. All players and Related Persons must cooperate fully with such investigations. The General Secretary may make a written demand to a player or Related Person (**Demand**) to furnish to the General Secretary any information that may evidence or lead to the discovery of evidence of a Major Offence, including (without limitation) requiring the player or Related Person to attend an interview and/or to provide a written statement setting forth his/her knowledge of the relevant facts and circumstances. The player or Related Person must furnish such information within seven (7) business days of the making of such demand, or within such other deadline as may be specified by the General Secretary. Where, as the result of an investigation under this section, the General Secretary forms the view that a player or Related Person has a case to answer for commission of a Major Offence, the ITF, on behalf of the General Secretary, shall refer the matter to the Review Board.

Review Board

The ITF will identify one or more individuals who are independent of the ITF and who have the expertise required by the nature of the particular case to form the Review Board and to review the evidence to determine whether there is a case to answer. The ITF shall send the entire dossier of evidence to the Review Board member(s). Where necessary, the Review Board may request that the ITF provide additional information for the Review Board's consideration. There shall be no obligation for the Review Board to meet in person to deliberate. However, any decision by the Review Board that the player or Related Person has a case to answer must be unanimous.

Where the Review Board concludes that there is no case to answer, then the ITF shall notify the player, or Related Person and any other party with a right of appeal under Regulation 26, and (subject to the rights of appeal set out at Regulation 23) the matter shall not proceed any further.

When the Review Board determines that a player or Related Person has a case to answer, the ITF shall send a written notice to the player or other person (**Notice of Charge**), with a copy to the Chair of the Independent Tribunal, setting out:

- (a) the Major Offence(s) alleged to have been committed, a summary of the facts upon which such allegations are based;
- (b) the potential consequences applicable if it is determined that the alleged Major Offence has been committed;
- (c) the player or Related Person's entitlement to respond to the Notice of Charge in one of the following ways:
 - (i) To admit the Major Offence(s) charged, and accede to the consequences specified in the Notice of Charge;

- (ii) To admit the Major Offence(s) charged, but to dispute and/or seek to mitigate the consequences specified in the Notice of Charge, and to have the Independent Tribunal determine the consequences at a hearing; or
 - (iii) To deny the Major Offence(s) charged, and to have the Independent Tribunal determine the charge and (if the charge is upheld) any consequences, at a hearing; and
- (d) that, if the player or Related Person wishes to exercise his right to a hearing before the Independent Tribunal, he must submit a written request for such a hearing so that it is received by the ITF as soon as possible, but in any event within 10 days of the player or Related Person's receipt of the notice. The request must also state how the player or Related Person responds to the charge in the notice and must explain (in summary form) the basis for such response. In the event no such response is received by that deadline, the player or Related Person will be deemed to have admitted the Major Offence(s) charged, and to have acceded to the consequences specified in the Notice of Charge.

In the event that the ITF withdraws the Notice of Charge, or the player or Related Person admits the Major Offence(s) charged and accedes to the consequences specified by the ITF (or is deemed to have done so), a hearing before the Independent Tribunal shall not be required. Instead the ITF shall promptly issue a decision confirming (as applicable) its withdrawal of the Notice of Charge or the commission of the Major Offence(s) and the imposition of the specified consequences, and shall send a copy of the decision to the player or Related Person and to any other party that has a right, further to Section V.1(v), to appeal the decision.

Provisional suspension

At the time, afterwards, or (exceptionally) before it issues a Notice of Charge, the General Secretary may impose a provisional suspension on the player or Related Person in question pending determination of the charge(s), where it considers it necessary to protect the integrity and/or reputation of the Paralympic Wheelchair Tennis Event, the ITF, and/or the sport of wheelchair tennis.

Where a provisional suspension is imposed, the ITF, on behalf of the General Secretary, shall notify the player or Related Person of his/her right:

- (a) at his/her election, to make an application to the Chair of the Independent Tribunal convened to hear his case, either immediately or at any time prior to the full hearing, for an order that the provisional suspension should not be imposed (or, if the provisional suspension has been imposed, that it should be vacated). The Chair of the

Independent Tribunal, sitting alone, will rule on the application as soon as reasonably practicable; and

- (b) to have the proceedings before the Independent Tribunal expedited so that the hearing is held, and the charge against him/her is determined, as soon as possible, consistent with the requirements of due process.

In circumstances where the General Secretary decides not to impose a provisional suspension, at the point of issuing a Notice of Charge the player or Related Person shall be offered the opportunity to accept a voluntary provisional suspension pending the resolution of the matter. If the player or Related Person wishes to accept the offer (and receive credit against any period of suspension that might be imposed), the player or Related Person must communicate his acceptance in writing to the General Secretary, in a form acceptable to the General Secretary.

No admission shall be inferred, or other adverse inference drawn, from the decision of a player or Related Person (a) not to make an application to avoid (or to vacate) a provisional suspension, or (b) to accept a voluntary provisional suspension.

A player or Related Person may not, during the period of any provisional suspension, play, coach or otherwise participate in any capacity in the Paralympic Wheelchair Tennis Event or subsequent editions of the Paralympic Wheelchair Tennis Event.

Any period of provisional suspension served by the player or Related Person (whether imposed or voluntarily accepted in writing, in a form acceptable to the General Secretary) shall be credited against any period of suspension imposed by the Independent Tribunal, provided that the player, or Related Person must have respected the terms of the provisional suspension in full. No credit against a period of suspension shall be given for any time period before the effective date of the provisional suspension (whether imposed or voluntarily accepted in writing, in a form acceptable to the General Secretary), regardless of the player's or Related Person's status or lack of participation during such period. If a period of suspension is served pursuant to a decision that is subsequently appealed, then the player or Related Person shall receive a credit for such period of provisional suspension served against any period of suspension that may ultimately be imposed on appeal.

Hearing

If the player or Related Person charged exercises his right to a hearing, the matter shall be referred to the Independent Tribunal and shall proceed in accordance with the procedures set out in the Independent Tribunal Procedural Rules. Subject only to the rights of appeal set out in Section V.1(ii)(6), the Independent Tribunal's decision shall be the full, final and complete disposition of the case and will be binding on all parties.

D. PAYMENT OF FINES

All fines levied under this Article IV for Major Offences shall be paid by the player or Related Person to the ITF within thirty (30) days after receipt of written notice thereof or otherwise as specified by the Independent Tribunal (or the ITF where the player does not exercise their right to a hearing).

V. WELFARE POLICY

Each Covered Person shall be bound by and shall comply with the provisions of the Welfare Policy set out in APPENDIX H.

For the purposes of this Code of Conduct, **Covered Person** is defined as any person covered by the Welfare Policy set out in Appendix H. For the avoidance of doubt, receipt of accreditation for the Paris 2024 Paralympic Games shall constitute receipt of accreditation for a tennis tournament, event or activity organised or sanctioned by the ITF where the person is directly accredited for the Paralympic Wheelchair Tennis Event, or is otherwise present at the precinct of the Paralympic Wheelchair Tennis Event.

VI. MEDICAL CONTROL – ANTI-DOPING POLICY

Each player, support personnel or other person who enters or participates in the Paralympic Wheelchair Tennis Event shall be bound by the IPC Code and the TADP, more fully described at Regulation D.16.2.

VII. RECIPROCATATION

The ITF reserves the right to ask the IAP to extend to the Paralympic Wheelchair Tennis Event a suspension issued against a person bound by these Regulations either (i) by or on behalf of the ITF pursuant to any ITF code or policy, or (ii) by any other tennis organisation, including but not limited to National Associations and the Grand Slam Board. The IAP's decision may be appealed by the person concerned and/or the ITF to the Independent Tribunal. There shall be no right of appeal against the Independent Tribunal's decision.

APPENDIX G. Additional Rules Regarding Conduct of Matches

I. PLAYERS' REST:

Between Matches

Except when weather or other unavoidable circumstances causes schedule disruption, players shall be scheduled for a maximum of one (1) singles match and one (1) doubles match per day, which shall not be scheduled less than twelve hours after the completion of the last match of such player on the preceding day or round.

Whenever it is necessary to schedule more than one match in the same day such player shall, unless they are in a singles and doubles finals to be played consecutively, be given the following minimum rest periods:

- If they have played less than 1 hour - ½ hour rest
- If they have played between 1 hour and 1½ hours - 1 hour rest
- If they have played more than 1½ hours - 1½ hours rest

II. MEDICAL

a. Medical Conditions

A medical condition is a medical illness or a musculoskeletal injury that warrants medical evaluation and/or medical treatment by the Sports Physiotherapist (also known as the primary health care provider) during the warm-up or the match.

- Treatable Medical Conditions
 - Acute medical condition: the sudden development of a medical illness or musculoskeletal injury during the warm-up or the match that requires immediate medical attention.
 - Non-acute medical condition: a medical illness or musculoskeletal injury that develops or is aggravated during the warm-up or the match and requires medical attention at the changeover or set break.
- Non-Treatable Medical Conditions
 - Any medical condition that cannot be treated appropriately, or that will not be improved by available medical treatment within the time allowed.
 - Any medical condition (inclusive of symptoms) that has not developed or has not been aggravated during the warm-up or the match.
 - General player fatigue.
 - Any medical condition requiring injections or intravenous infusions, except for diabetes, for which prior medical certification has been obtained, and for which subcutaneous injections of insulin may be administered. The use of supplemental oxygen is not permitted at any time.

b. Medical Evaluation

During the warm-up or the match, the player may request through the Chair Umpire for the Sports Physiotherapist to evaluate him/her during the next change over or set break. Only in the case that a player develops an acute medical condition that necessitates an immediate stop in play may the player request through the Chair Umpire for the Sports Physiotherapist to evaluate him/her immediately.

The purpose of the medical evaluation is to determine if the player has developed a treatable medical condition and, if so, to determine when medical treatment is warranted. Such evaluation should be performed within a reasonable length of time, balancing player safety on the one hand, and continuous play on the other. At the discretion of the Sports Physiotherapist, such evaluation may be performed in conjunction with the Tournament Doctor, and may be performed off-court. *

If the Sports Physiotherapist determines that the player has a non-treatable medical condition, then the player will be advised that no medical treatment will be allowed.

c. Medical Time-Out

A Medical Time-Out is allowed by the Referee or Chair Umpire when the Sports Physiotherapist has evaluated the player and has determined that additional time for medical treatment is required. The Medical Time-Out takes place during a change over or set break, unless the Sports Physiotherapist determines that the player has developed an acute medical condition that requires immediate medical treatment.

The Medical Time-Out begins when the Sports Physiotherapist is ready to start treatment. At the discretion of the Sports Physiotherapist, treatment during a Medical Time-Out may take place off-court, and may proceed in conjunction with the Tournament Doctor. *

The Medical Time-Out is limited to three (3) minutes of treatment.

A player is allowed one (1) Medical Time-Out for each distinct treatable medical condition. All clinical manifestations of heat illness (including heat-related cramping) shall be considered as one (1) treatable medical condition. All treatable musculoskeletal injuries that manifest as part of a kinetic chain continuum shall be considered as one (1) treatable medical condition.

Muscle Cramping: A player may receive treatment for muscle cramping (as opposed to heat-related cramping) only during the time allotted for change of ends and/or set breaks. Players may not receive a Medical Time-Out for muscle cramping.

In cases where there is doubt about whether the player suffers from an acute medical condition, non-acute medical condition inclusive of muscle cramping, or non-treatable medical condition, the decision of the Sports Physiotherapist, in conjunction with the Tournament Doctor, if appropriate, is final. If the Sports

Physiotherapist believes that the player has heat illness, and if muscle cramping is one of the manifestations of heat illness, then the muscle cramping may only be treated as part of the recommended treatment by the Sports Physiotherapist for the heat illness condition.

Note:

A player who has stopped play by claiming an acute medical condition, but is determined by the Sports Physiotherapist and/or Tournament Doctor to have muscle cramping, shall be ordered by the Chair Umpire to resume play immediately.

If the player cannot continue playing due to severe muscle cramping, as determined by the Sports Physiotherapist and/or Tournament Doctor, he/she may forfeit the point(s)/game(s) needed to get to a change of ends or set-break in order to receive treatment. There may be a total of two (2) full change of ends treatments for muscle cramping in a match, not necessarily consecutive.

If it is determined by the Chair Umpire or Referee that gamesmanship was involved, then a Code Violation for Unsportsmanlike Conduct could be issued.

A total of two (2) consecutive Medical Time-Outs may be allowed by the Referee or Chair Umpire for the special circumstance in which the Sports Physiotherapist determines that the player has developed at least two (2) distinct acute and treatable medical conditions. This may include: a medical illness in conjunction with a musculoskeletal injury; two or more acute and distinct musculoskeletal injuries. In such cases, the Sports Physiotherapist will perform a medical evaluation for the two or more treatable medical conditions during a single evaluation, and may then determine that two consecutive Medical Time-Outs are required.

d. Medical Treatment

A player may receive on-court medical treatment and/or supplies from the Sports Physiotherapist and/or Tournament Doctor during any changeover or set break. As a guideline, such medical treatment should be limited to two (2) changeovers/set breaks for each treatable medical condition, before or after a Medical Time-Out, and need not be consecutive. Players may not receive medical treatment for non-treatable medical conditions.

e. Penalty

After completion of a Medical Time-Out or medical treatment, any delay in resumption of play shall be penalized by Code Violations for Delay of Game. Any player abuse of this Medical Rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

f. Bleeding

If a player is bleeding, the Chair Umpire must stop play as soon as possible, and the Sports Physiotherapist must be called to the court by the Chair Umpire for evaluation and treatment. The Sports Physiotherapist, in conjunction with the Tournament Doctor if appropriate, will evaluate the

source of the bleeding, and will request a Medical Time-Out for treatment if necessary.

If requested by the Sports Physiotherapist and/or Tournament Doctor, the Referee or Chair Umpire may allow up to a total of five (5) minutes to assure control of the bleeding.

If blood has spilled onto the court or its immediate vicinity, play must not resume until the blood spill has been cleaned appropriately.

g. Vomiting

If a player is vomiting, the Chair Umpire must stop play if vomit has spilled onto the court, or if the player requests medical evaluation. If the player requests medical evaluation, then the Sports Physiotherapist must determine if the player has a treatable medical condition, and if so, whether the medical condition is acute or non-acute.

If vomit has spilled onto the court, play must not resume until the vomit spill has been cleaned appropriately.

h. Incapacity

If any concern arises about a player's medical condition (whether physical or psychological) that they are unable to compete, or they pose a serious health risk to players, officials or Tournament Organisers or staff, the Sports Physiotherapist and/or Tournament Doctor should be called to assist the player.

If the issue arises during a match, the Chair Umpire shall immediately call for the Tournament Doctor and/or Sports Physiotherapist to assist the player. The Tournament Doctor is responsible for ensuring that the player is afforded the best medical attention, that his/her well-being is not put at risk, and that his/her medical condition is not a risk to other players or the public at large. All discussions between the Tournament Doctor and the player take place within the context of a doctor-patient relationship and are therefore confidential and may not be divulged to a third party without the informed consent of the player.

However, if the Tournament Doctor determines that the player's medical condition makes the player unable to participate safely in the tournament, the player must permit the Tournament Doctor to advise the Referee of their determination (only disclosing medical information to which the player has consented). Upon receipt of such a report from the Tournament Doctor, the Referee will decide whether to retire the player from the match in progress or withdraw the player from the match to be played (as applicable).

The Referee shall use great discretion before taking this action, and should base the decision on the best interests of professional tennis, as well as taking all medical opinion and advice, and any other relevant information into consideration.

If the player's medical condition improves sufficiently to return to match play, the Tournament Doctor may inform the Referee accordingly.

At the discretion of the Referee, the player may subsequently compete in another event at the same tournament (e.g. doubles), either that day or on a subsequent day.

- * It is recognized that national laws or governmental or other binding regulations imposed upon the event by authorities outside its control may require more compulsory participation by the Tournament Doctor in all decisions regarding diagnosis and treatment.

III. TOILET/CHANGE OF ATTIRE BREAK

A player may request permission to leave the court for a reasonable time for a toilet break, a change of attire break, or both, but for no other reason. Toilet breaks should be taken on a set break and change of attire breaks must be taken on a set break.

In singles events, a player is entitled to two (2) breaks during a best of three (3) set match.

In all doubles matches, each team is entitled to a total of two (2) breaks. If partners leave the court together, it counts as one (1) of the team's authorised breaks.

Any time a player leaves the court for a toilet break, it is considered one of the authorised breaks regardless of whether or not the opponent has left the court.

Any toilet break taken after a warm-up has started is considered one of the authorised breaks.

In all cases, the nearest assigned bathroom should be used. The player is expected to have needed attire available on court.

Additional breaks may only be permitted by the Chair Umpire, Off-Court Umpire or Referee. If a player takes a third break without permission, they may be charged with "leaving the court" under the Code of Conduct.

Any player's abuse of this rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

IV. TIME LIMIT REPAIRS, BROKEN EQUIPMENT, TAPING OF RACKET (QUAD PLAYERS)

The Chair Umpire, Off-Court Umpire or Referee has the authority to determine suspension of play. Wheelchair repairs must not exceed twenty (20) minutes in total during one (1) match. This is regardless of the number of breakdowns. Doubles repairs must not exceed twenty (20) minutes per team. Delays

beyond fifteen (15) minutes shall subject a player to a Code violation under 'Delay of Game', delays beyond twenty (20) minutes will result in a default.

Any quad player may be allotted extra time during a changeover in order to reposition or adjust the racket in the hand, without being penalised, but only if prior agreement has been made with the Umpire or Referee in the absence of an Umpire prior to the match. The quad player must make every effort to keep any extra time to a reasonable minimum, so as not to disrupt or interfere with the normal progression of the match.

V. EXTREME WEATHER CONDITIONS

The Paris 2024 Paralympic Wheelchair Tennis Event will implement a policy and processes by which modifications to how matches and the schedule will otherwise be conducted in the event of extreme weather conditions, as detailed below (**Extreme Weather Policy**).

Wet Bulb Globe Temperature (WBGT) measurements will be taken daily, every half hour, beginning at approximately 10:00am.

The Referee shall make the final determination regarding any disputes or questions of interpretation that arise on-site in relation to the Extreme Weather Policy.

a. **Modification of Play**

The WBGT threshold for when play will be modified under the Extreme Weather Policy (**Modification of Play**) is 28.0°C.

The Modification of Play will be a 20-minute break applied as follows:

- When the WBGT is 28.0°C or greater at the beginning of the match (which is defined as the time when warm-up begins), a 20-minute break will be allowed between the 2nd and 3rd sets if either player requests such a break.
- The 20-minute break includes the time taken to reach and return from the place of rest on-site. If both players decline a 20-minute break, then play shall be continuous.
- In the event of a 20-minute or greater suspension of play, the WBGT reading following the suspension will override any previous readings before the same match, and the rule implementation regarding a 20-minute break will be based on the reading after the suspension of play. However, if one set has been completed before the suspension of play, the 20-minute break will no longer be available.

Additional Information:

If during the day there is a change in weather conditions as determined by the periodic measurements, the Extreme Weather Policy will be put into effect, including matches already in progress. Once notified that the Extreme

Weather Policy is in effect, the Chair Umpire must inform the players at the next change of ends or set break.

If there is a further change in weather condition and the Policy is lifted, those matches already in progress will continue under the Extreme Weather Policy. In the case of rain or other interruption of play, the Extreme Weather Policy condition will be re-assessed and may be lifted.

Play should resume after 20 minutes with the Chair Umpire calling time at 19 minutes, 30 seconds. Any delay in resumption of play will be penalised by back-to-back Time Violations. Chair Umpires will disregard whether the delaying player is server or receiver, and account for any previous time violations in the match.

What is allowed during the 20-minute break?

- Adjustment of medical support (including re-taping), medical equipment and/or medical advice from the Sports Physiotherapist.
- Bathroom break (not counting against a player's allotment).
- Change of attire (not counting against a player's allotment).
- Taking a shower.
- Drinking or eating.

What is NOT allowed during the 20-minute break?

- Medical evaluations, MTOs or medical treatments will not be allowed, unless approved by the Referee/Supervisor.
- Coaching.
- Use of electronic devices.
- The 20-minute break and a bathroom or change of attire break may not be taken consecutively.

b. Suspension of Play

The WBGT threshold for when play will be suspended under the Extreme Weather Policy (**Suspension of Play**) is 30.1°C.

- When the WBGT is 30.1°C or greater at the beginning of a match (which is defined as the time when warm-up begins), the Referee will suspend the match due to the Extreme Heat Condition. Once the Extreme Heat Condition is no longer met, the Referee will give the players reasonable notice of the time at which play will resume.
- If a match is in progress, play should be suspended at the end of the set.

The WBGT threshold for Immediate Suspension of Play is 32.2°C.

- If the WBGT reaches 32.2°C or greater during a match, any matches in progress on the outdoor courts will continue until the end of an even number of games in that set (or a completion of a tie-break), when play will be suspended. Once the Extreme Heat Condition is no longer met,

the Referee will give the players reasonable notice of the time at which play will resume.

Philippe Chatrier and Suzanne Lenglen courts both have a retractable roof. When play is suspended on outside courts due to extreme heat, it will continue on these courts with the roof closed. Any match in progress will continue until the end of an even number of games in that set (or a completion of a tie-break), when the roof will be closed for the remainder of the match.

c. Lightning

The Referee has the authority to suspend play when lightning is in the area. Play shall resume when the likelihood of a lightning strike has passed.

APPENDIX I. NEUTRAL PARALYMPIC ATHLETES AND SUPPORT PERSONNEL

- 1.1 This Appendix I is issued pursuant to the Regulations for the Paralympic Wheelchair Tennis Event of the 2024 Paralympic Games in Paris (the **Regulations**), and the power of the ITF Board of Directors in Regulation 27.1 to amend, waive, dispense or otherwise alter the Regulations in special circumstances or otherwise where a matter is not provided for.
- 1.2 Capitalised terms are as defined in this Appendix I or in the Regulations.
- 1.3 This Appendix is subject to the Paralympic Handbook, IPC Neutral Regulations and other supplemental rules, regulations or procedures that the IPC issues from time to time.
- 1.4 The Regulations are amended only to the extent set out in this Appendix I. For the avoidance of doubt, any determination that an Athlete or Support Personnel is granted neutral status under Appendix I will in every case remain subject to compliance with the requirements in Section B and Section C of the Regulations, which are not waived or amended unless explicitly stated otherwise.
- 1.5 The following definitions apply for the purposes of this Appendix I:
 - 1.5.1 **“Athletes”** means an athlete of Russian or Belarusian nationality according to the Eligibility to represent a Nation rule contained in the ITF Wheelchair Tennis Regulations in force at the time of the Paris 2024 Paralympic Games;
 - 1.5.2 **“Good Standing Waiver Procedures”** means the procedures adopted by the ITF Board of Directors on 29 February 2024 to guide the consideration of a waiver of the application of Regulation 8.1.2(d);
 - 1.5.3 **“IPC Neutral Regulations”** means the Paris 2024 Paralympic Games Neutral Athlete and Support Personnel Regulations issued by the IPC on 6 March 2024;
 - 1.5.4 **“Neutral Paralympic Athlete”** or **“NPA”** means an Athlete who has met the requirements in this Appendix and been formally granted neutral status; and

2. WAIVER OF REGULATION 8.1.2(D)

- 2.1 Regulation 8.1 of the Regulations states:

8 Nomination of Competitors

8.1 An NPC, with the endorsement of the National Association, may nominate a player provided that:

8.1.1 the NPC is recognised by the IPC;

8.1.2 the National Association is: (a) affiliated to that NPC; (b) is a current Class B or Class C member of the ITF; (c) has been a member since at least 31 December 2023; and (d) its membership is not suspended, unless otherwise determined by the ITF Board of Directors (pursuant to procedures published from time to time);

8.1.3 the player conforms to and agrees to abide by Section B "Competitors and Qualification" of these Regulations.

2.2 The Russia Tennis Federation and Belarus Tennis Federation are currently suspended from ITF membership, and unless determined otherwise by the ITF Board of Directors, the NPCs from Russia and Belarus are not permitted to nominate any players for participation in the Paralympic Tennis Event.

2.3 On 29 September 2023, the NPCs from the Russian Federation and Republic Belarus were partially suspended from IPC membership. It was also determined that athletes and their support personnel from these nations would be eligible to participate in the Paris 2024 Paralympics subject to further conditions as determined by the IPC Governing Board. On 6 March 2024, pursuant to that decision, the IPC issued the IPC Neutral Regulations.

2.4 On 29 February 2024, the ITF Board of Directors exercised its power in Regulation 8.1.2(d) (and as further described in the Good Standing Waiver Procedures) and determined to waive Regulation 8.1.2(d) in relation to the Russian Tennis Federation and Belarus Tennis Federation, subject to compliance with the Regulations as may be amended to give effect to the IPC Neutral Regulations. The waiver does not lift or otherwise alter the suspension of the Russia Tennis Federation or Belarus Tennis Federation, and any involvement of either body in relation to the participation of NPAs and their Support Personnel in Paris 2024 Paralympic Games shall be strictly without prejudice to the suspension.

3 PARTICIPATION CRITERIA

3.1 Athletes are eligible to participate in, and their Support Personnel are eligible to be accredited for, the Paralympic Wheelchair Tennis Event only if they are granted neutral status under this Appendix I. They must meet the following requirements:

3.1.1 Compliance with the Regulations;

3.1.2 Compliance with the IPC Neutral Regulations; and

3.1.3 Compliance with the Tennis Anti-Doping Programme.

3.2 NPAs are eligible to participate in any of the events in the Paralympic Wheelchair Tennis Event, subject always to Section B and Section C of the Regulations. For the avoidance of doubt, notwithstanding the neutrality of NPAs:

3.2.1 An NPA that participates in the Paralympic Wheelchair Tennis Event shall be deemed to have represented their nation, for the purposes of the Eligibility to Represent a Nation rule contained in the ITF Wheelchair Tennis Regulations (as published from time to time);

3.2.2 The Nations Quota at Regulation 9.1 shall continue to be applied to groups of NPAs of the same nationality (and not in aggregate across NPAs from the Russian Federation and Republic of Belarus); and

3.2.3 Doubles pairs must be constituted by two NPAs with the same nationality according to Regulations 12.1.4, 12.1.5 and 12.1.6.

4 APPLICATION PROCESS

4.1 NPAs and Support Personnel will be registered on an individual basis.

4.2 Athletes wishing to be approved as an NPA, and their Support Personnel, must complete any procedures and provide any information in accordance with the IPC Neutral Regulations, or as otherwise required by the IPC.

4.3 The IPC shall (in its full discretion) make the final determination whether to grant Athletes and Support Personnel neutral status to compete in the Paralympic Wheelchair Tennis Event. Any such confirmation does not confer eligibility under Regulation 7 or selection under Regulation 12 or 13, both of which shall be determined pursuant to the Regulations.

4.4 The IPC has full discretion and final authority to determine the entry and accreditation for any individual, and may reconsider this at any time where it deems appropriate to do so (for example, if new facts or new evidence emerge).

5 CONDUCT

5.1 NPAs and their Support Personnel must conduct themselves in accordance with the IPC Neutral Regulations.

6 PROTOCOL

6.1 The use of flags, anthems, uniforms, national signs and other designations shall be as set out in the IPC Neutral Regulations.

7 OTHER ADAPTATIONS

7.1 NPAs shall retain their nationality for the purposes Regulation 18.2.1, such that NPAs from the same country shall be drawn into different halves or quarters of the Draw.

7.2 The RTF and BTF shall have no right of appeal against decisions pursuant to Regulation 26.1, save as permitted by the Good Standing Waiver Procedures.

8 ENFORCEMENT

8.1 Pursuant to the IPC Neutral Regulations, where an Athlete or Support Personnel has breached those regulations, the IPC may with immediate effect:

- 8.1.1. disqualify the Athlete from their relevant event with immediate effect, with all resulting consequences (including forfeiture of medals or diplomas, and any other reward);
 - 8.1.2. disqualify the full neutral athlete/support personnel delegation of that Athlete or Support Personnel; and/or
 - 8.1.3. remove the Athlete or Support Personnel's accreditation.
- 8.2. Paragraph 8.1 is without prejudice to the rights of the IPC, ITF and any other body, to impose other consequences on a person or body under the Rules and Regulations, or any other applicable rules or regulations, including but not limited to Appendix F (Code of Conduct).

9 MISCELLANEOUS

- 9.1 In the event of a conflict between the Appendix and the Regulations, this Appendix shall prevail.
