INTRODUCTION

1. General

The UNIQLO Wheelchair Tennis Tour Tournaments, and other ITF Wheelchair Tennis Events, where applicable, must comply with these 2026 Wheelchair Tennis Organisational Requirements (this document, also referred to as the “Requirements”). These apply as specified in the [ITF Wheelchair Tennis Competition Regulations](#) (‘the Regulations’) and not to other tours or events managed by the ITF.

The ITF reserves the right to amend these Requirements at any time. Updated versions of the document will be published on the ITF Website and National Associations must distribute the most up-to-date document to Event Organisers. Key documents regarding the organisation of UNIQLO Wheelchair Tennis Tour Tournaments are available on the dedicated sections of the [ITF Website](#).

Where any item included in this document contradicts the Regulations and/or any Hosting Agreement (or other contract) agreed between the ITF and an Event Organiser, the provisions of the Regulations and/or Hosting Agreement shall take priority. Capitalised terms in these Requirements shall have the same meaning as in the Regulations.

2. Health, Safety and Security

The health, safety and security of all persons involved in the Event, including Players, Officials, Tournament Personnel and spectators, are of principal importance. The Event Organiser is responsible for ensuring an adequate security plan for the protection of all involved persons against any such problems is in place and implemented for the Event, including compliance with any security requirements issued by the ITF. This includes the timely completion and submission of ITF security documents where specifically requested by the ITF. The Event Organiser is responsible for ensuring that safety and security plans for the Event comply with local laws, regulations and best practice.

The National Association, in association with any third-party Event Organiser, must make the ITF aware immediately of any major issues or threats (e.g. political unrest, health epidemic, natural disaster) that could impact the progress of the Event or the health, safety or security of persons involved, whether they occur in advance of or during the Event.

Event Organisers and National Associations are advised to have preparations in place to handle emergency situations. The ITF reserves the right to request that the Applicant submits security documentation for the Event or has additional security measures put in place because of security concerns.

Security Guidelines have been sent to all National Associations and are on the ITF website. These guidelines must be followed, and any questions directed to the ITF.

Event Organisers are expected to monitor weather and if necessary, with consultation with the ITF Supervisor, make modifications to play in cases of extreme weather conditions such as heat, lightning, or other severe weather conditions. The Event Organiser and ITF Supervisor must adhere to the Extreme Weather Conditions rules (Appendix K in the Regulations) and the ITF Supervisor must have a Wet Bulb Globe Temperature Meter to measure the Heat Index.
