
RETURN TO INTERNATIONAL TENNIS PROTOCOLS – PARTICIPANTS

22 July 2021

INTERNATIONAL TENNIS FEDERATION

RETURN TO INTERNATIONAL TENNIS PROTOCOLS

Foreword

In order to support a safe return to international tennis tournaments, the ITF has devised protocols that all tournament hosts and participants must follow to mitigate the risk of exposure to, and spread of, Covid-19.

This document applies to all ITF-owned and sanctioned tennis tournaments, including Junior Team competitions, World Tennis Tour Mens, Womens and Juniors, Beach Tennis, Seniors and Wheelchair Tennis, with effect from 1 August 2020.

All ITF tournaments and participants (which includes players, support personnel, officials, tournament staff and any other credentialed individual) must comply with the requirements set out in this document.

Information regarding Covid-19 is constantly changing. The information provided in this document is not intended to be a substitute for guidance provided by local, national or international government and health organizations. The ITF makes no representation as to, and assumes no responsibility for, the accuracy or completeness of the information contained in this document in respect of its effectiveness in preventing or controlling the spread of Covid-19.

The Tournament Director is responsible for ensuring the welfare of all persons attending a tournament. This document provides the ITF's guidance regarding the minimum standards that a tournament must implement in order to safeguard the welfare of participants. A tournament may impose higher standards than those described in this document where it considers it appropriate to do so, or where so required by local legislation (although there may be cost implications for the tournament, as set out in the Explanatory Notes, which is available as a separate document). For the avoidance of doubt, nothing in these protocols preclude the implementation of precautions that aim to manage the risk arising from Covid-19 on an individual or group basis. The Tournament Director must ensure that each tournament is conducted in accordance with these protocols as published at the time of the tournament.

This document is subject to change and may be amended from time to time at the discretion of the ITF. The ITF will make the latest version available on its website: www.itftennis.com. Any questions regarding this document should be addressed to the ITF at covid19@itftennis.com.

Introduction

The overall objective of this document is to describe the measures that are necessary to protect the health and safety of participants in ITF tournaments. By setting out those measures, participants in all tournaments covered by this document can be confident that the appropriate measures are being taken and have the benefit of a consistent approach.

The ITF *Return to International Tennis Protocols* comprise four sections:

1. ELIGIBILITY TO HOST A TOURNAMENT

This section describes the criteria by which the ITF will decide whether a tournament is eligible to be added to the ITF calendar

2. ITF TOURNAMENT FRAMEWORK

This section sets out the ITF's guidance, recommendations and minimum standards that all tournaments must meet in order to adequately protect the health and safety of participants in relation to Covid-19

3. COMPLIANCE

The framework by which any failures to meet the minimum standards are described in this section

4. RISK MITIGATION

This section sets out the measures that are required to reduce the risk to participants of Covid-19 transmission

How to use this document

The information in this document describes the main requirements for participants when competing in international tennis tournaments during the Covid-19 pandemic. All participants are advised to read this document together with the relevant explanatory notes (available as a separate document), and to familiarise themselves with the relevant amendments to the regulations for the tournament(s) in question.

GENERAL INFORMATION

Eligibility to host an ITF tournament

In order to be eligible for addition to the ITF calendar, the following criteria must be met:

1. Government legislation must permit a tennis event to be held in the host country.
2. The host nation's borders must be open to international visitors, giving sufficient and reasonable access to that nation to players, as determined by the ITF.
3. Each host organiser must, on application to host a tournament, confirm that it will implement the minimum standards set out in the 'risk mitigation' section of this document.

ITF tournament framework during the Covid-19 pandemic

The framework below forms the basis for the minimum standards that all tournaments must meet in order to adequately protect the health and safety of participants in relation to Covid-19.

1. Physical distancing must be respected at all times by all participants and spectators.
2. Personal hygiene measures must be taken by all participants.
3. Methods of identifying potential cases of Covid-19 prior to entry to the tournament site and of identifying participants who may have been exposed to Covid-19 during a tournament must be implemented.
4. Consideration must be given to additional protection for vulnerable individuals.
5. The minimum number of participants required for the tournament to operate should be permitted on-site.
6. Players and support personnel must isolate from other participants and spectators, to the greatest possible extent.

Compliance

1. Effective implementation of the minimum standards for hosting tournaments requires a programme of monitoring and, where those standards are not met, enforcement.

Risk mitigation

The Covid-19 virus presents an elevated health risk to all participants. Steps to reduce that risk must be taken by all ITF tournaments and participants. Relevant areas in which an elevated risk may exist, and the minimum standards and/or recommendations for mitigation of those risks, are set out below.

Note: nothing in this document precludes tournaments from going beyond the minimum specified standards where it considers it appropriate to do so, or where so required by local legislation.

RETURN TO INTERNATIONAL TENNIS PROTOCOLS INFORMATION FOR PARTICIPANTS

Pre-event

1. Participants should establish and continue to review whether the host country has imposed any entry requirements, such as recent certificates of Covid-19 tests or restrictions based on travel history.
2. Participants will be required to confirm that they have read these ITF *Return to International Tennis Protocols*, will comply with the requirements in full, accept that they provide an adequate level of protection against the risk of transmission of Covid-19, and assume responsibility for any risk of participating.
3. All participants and, particularly, vulnerable individuals who may be at elevated risk of severe Covid-19 symptoms and those who have had Covid-19 are advised to consult with their personal doctors to determine whether it is safe for them to travel to, and participate in, each tournament.
4. Players and support personnel are advised to review the terms of their travel insurance and, where appropriate, consider taking out insurance against Covid-19-related risks (e.g. travel, health).
5. Participants should not travel to tournaments if they have had a positive Covid-19 test within the last 10 days, or if they have or have had any symptoms of Covid-19 within the last 10 days, or if they have been exposed to anyone who has Covid-19 or symptoms of Covid-19 within the last 14 days.

Off-site

6. Participants must minimise the time spent in locations to which the public has access, and **especially avoid** locations that are crowded, noisy or in which close contact with the public is required. All While outside the Tournament Venue, Participants must comply with the protocols described in the ITF tournament framework during the Covid-19 pandemic section above. Face coverings must be worn at all times when indoors, except when eating and drinking.

-
7. Participants must avoid dining in locations to which the general public has access (e.g. local restaurants/bars).
 8. All participants must self-check their health daily, before leaving their accommodation and must not travel to the tournament site if any symptoms of Covid-19 (and, particularly, fever, new or persistent cough, loss or change in sense of taste and smell) are present, or if there has been any exposure to Covid-19.
 9. Face coverings must be worn and physical distancing must be practiced at all times while using transport.

Site access

10. Before entering the tournament site, all participants must complete a daily self-declaration of being Covid-19 symptom-free and not having had any high-risk contacts in the last 14 days, and be subject to daily temperature screening. Only those participants who comply with, and meet the requirements of, screening are permitted on-site.
11. Participants must comply with case management protocols if they fail to meet self-reporting or screening requirements. Participants must report positive Covid-19 tests or Covid-19 symptoms that happen within 14 days of the date on which they left the tournament venue.
12. Following a confirmed or suspected case of Covid-19, or following exposure to Covid-19, participants must comply with the ITF 'return to competition' protocols (as set out in the case management protocol).

On-site

13. All sign-in will be remote (online/telephone).
14. A maximum of one support person per player will be permitted on-site for individual events, except for players who need essential physical assistance during competition, in which case such additional essential person(s) are permitted.

Competition

15. ITF practice and match protocols (available as a separate document) must be observed throughout a tournament.
16. Use of locker rooms (including for players, officials and ball persons) will be determined by the available space, such that physical distancing can be maintained at all times. No player support personnel are permitted in locker rooms, except for support personnel required to provide essential physical assistance.

-
17. Non-Covid-19 medical treatment will be limited to the reasonable time necessary for completion. Players must wear face coverings while obtaining medical treatment.
 18. Participants must wear face coverings during anti-doping testing. Anti-Doping staff must comply with physical distancing, hygiene measures and daily screening.
