

## ITF Masters Tour - Advisory Panels

The ITF Masters Committee and ITF Masters Department work with advisory panels to ensure that key stakeholders are involved in the decision making of specific projects and consideration for changes to the Tour. The views of the various panels support the decision-making process of the ITF Masters Committee.

### ITF Masters Player Advisory Panel

The ITF Masters Player Advisory Panel was established in 2017 with members participating in meetings and conference calls. The ITF Masters Player Advisory Panel serves to provide first-hand experiences and feedback from the player community. Recommendations from the Player Panel will be presented to the ITF Masters Committee for their consideration.

Players are encouraged to contact members of the Player Advisory Panels either face to face or by email with their suggestions and feedback.

A total of 20 members, consisting of a chair plus 19 members, are appointed by the Masters Committee. Appointed members are firstly nominated by their National Association.
